A WORD TO DELINQUENT SUB-
SCRIBERS.

Except being presented with bills when we are unable to pay them, there is nothing we dislike so much as the task of addressing a dunning notice to those indebted to us; but it is a matter of imperative necessity in justice to ourselves. We have upon our subscription book the names of a large number of persons who are in arrears for periods of time ranging from three months to that number of years. Most of these amounts are small and are due from people abundantly able to pay. They are matters of little consequence to the parties owing them, but in the aggregate amount to a sum of considerable importance to us, and which we cannot afford to lose. Running a daily paper in an inland town is an expensive business and involves the outlay of a large sum of money. We are obliged to pay cash in San Francisco for our stock, and to settle with our employees in the office every Monday morning. To enable us to continue doing so, we hope that each delinquent subscriber will aid us to the amount of his indebtedness. We have sent a bill to the postoffice address of each subscriber in arrears. We will wait a reasonable time for returns; after which the names of those who fail to respond will be erased from our books, for we must either increase our cash receipts or reduced our subscription list. Subscriptions are payable in advance. The above remarks are made by the *Eureka Sentinel*, and they express our sentiments to a dot.

NEVADA STATE NEWS.

Trees are being planted in many places throughout Gold Hill and Virginia, which will add much to the beauty, comfort and health of both places. Now lay for goats.

The *Silver State* of the 17th inst. says that six fruit cars passed Winnemucca that morning, attached to the eastern bound passenger train. This indicates that California fruits are in demand in the East at this time of the year. The fruits consist of strawberries, cherries, oranges, etc., and are taken through on express time.

George Ernet, County Surveyor of Nye county, together with the Surveyors of White Pine and Lincoln counties, has commenced the survey of the boundary or division line separating those three counties, as designated by the late Legislature.

Lieut. Governor Adams is out in the eastern part of the State taking a look at his cattle ranches and herds. Bishop Whitaker is also in the eastern part of the State attending to the spiritual welfare of the flocks under his guardianship.

The *Eureka Sentinel* says the last stone on the new Odd Fellows' building has been placed in position and the contract completed. The building presents a very attractive appearance and is a credit to the town and the order under whose direction it is being built. It will soon be entirely finished and occupied.

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters.

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress making establishment opened by the Misses Vance, on Plaza street, opposite the freight depot, will receive and make to order in the latest styles all kinds of plain and fancy sewing

Notice.—Mr. Nels. Greenman is no longer in the city. Agents. (On

TELEGRAPHIC NEWS ITEMS.

There is no abatement of the floods at Bitter Creek, and no one can predict when trains will be again be running through, though there is a hope that the two thousand immigrants now water-bound may be released to-day.

The dispatches from California are also very meager in quantity, and of as poor quality as we ever read.

O. N. Smith has been arrested in Downieville, charged with the robbery of the Oregon Hill stage.

The crop prospects in California are discouraging.

Chinatown, in Austin, Nevada, was burned Monday.

SOMETHING ABOUT KISSING.

The fact that there may have been too much kissing in high life of late years does not alter the fact that osculatory salutes are very good things in the family. There have been some famous kisses in history, and some that have been important in shaping political events. When Cardinal John, of Lorraine, was presented to the Duchess of Savoy, she gave him her hand to kiss. The great churchman was indignant. "I will not be treated in this manner," said he; "I kiss the queen, my mistress, and shall I not kiss you, who are only a Duchess?" and, despite the resistance of the proud little Portuguese Princess, he kissed her three times squarely in the mouth. Voltaire was once publicly kissed by the young and lovely Countess de Vilars, who was compelled to this salute by the claquers in the pit, who were mad with enthusiasm over the great writer. Georgiana, Duchess of Devonshire, gave Steel, a butcher, a kiss for a vote; and another lady, equally beautiful, Jane, Duchess of Gordon, recruited a regiment in a similar manner. She was in the habit of putting a shilling between her teeth, the sum usually handed recruits to bind the bargain, and inviting any man who filled the physical requirements of a soldier to take the silver from its place, and become one of the famous Ninety-second. Said Daniel O'Connell, in securing votes for his favorite candidates: "Let no woman salute the man who votes against them." Of course he carried the day. Speaking of kissing, the remarks of the Rev. Sidney Smith on the subject are particularly pertinent:

"We are in favor," says he, "of a certain amount of shyness when a kiss is proposed, but it should not be too long; and when the fair one gives it, let it be administered with warmth and energy; let there be soul in it. If she closes her eyes, and sighs immediately after it, the effect is greater. She should be careful not to slobber a kiss, but give it as a humming bird runs its bill into a honeysuckle, deep but delicate. There is much virtue in a kiss when well delivered. We have the memory of one we received in our youth which lasted us forty years, and we believe it will be one of the last things we shall think of when we die."

It will be seen from the above extracts that kissing is no new-fangled luxury, but is ancient and venerable, coming down from the fathers.

ANOTHER MONSTER MILL.

It was announced some time ago that the California Mining Company contemplated building, at no distant day, a sixty-stamp quartz mill, almost an exact duplicate of the Consolidated mill. Preparations for its erection have been quietly made, a site selected, and this morning a force of eighty men were put to work grading for the foundation. It will be located nearly half a mile northeast of the Consolidated Virginia, in the cañon which runs along the north side of Van Bokkelen's gardens, and east of the Catholic cemetery. The situation is an excellent one, as the ground is nearly level and not much work will be necessary in preparing it for the erection of the buildings. A tramway will lead from the C. and C. shaft to the new mill, and in fact everything can be arranged to connect the mine and mill with but little expense. We learn that the work will be prosecuted with vigor and the new reduction works will be completed as soon as possible. When the new shaft is done and two sixty-stamp mills in operation, the big bonanza will be transformed into silver bullion at a rate that will astonish the world.—*Virginia Chronicle*.

The largest and finest assortment of English and American prints at J. Prescott's.

THE LICK ESTATE.

The Trustees of the Lick estate, through their attorneys, Messrs. Wilson & Wilson, filed a complaint in the Nineteenth District Court of San Francisco, to be relieved of trust. The following is the prayer of the complaint:

Wherefore the plaintiffs pray that this honorable Court will by its judgment and decree: First—Accept the several resignations of these plaintiffs. Second—Appoint Trustees in the place and stead of the plaintiffs. Third—Settle, adjust and determine the account of these plaintiffs as such Trustees. Fourth—Allow and direct these plaintiffs to pay over to such succeeding Trustees the net balance of cash remaining in the hands of the plaintiffs after deducting all lawful disbursements and proper allowances. Fifth—Allow and direct these plaintiffs to transfer and deliver to such succeeding Trustees all of the said trust property remaining in their hands, real, personal and mixed, and effects of every kind belonging and appertaining to said trust, and to make all necessary and proper deeds of conveyance, so as to divest these plaintiffs of all of said trust property and the title thereto, and fully invest such succeeding Trustees with the same. Sixth—Discharge these plaintiffs entirely from the said trust and all duties imposed upon them under and by virtue of the said deeds above referred to. And the plaintiffs further pray that they may have such further and other relief as is meet in the premises and agreeable to equity.

New Goods.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. NOT THROUGH YET.—The fire destroyed the railroad bridge across Green River last week and it has not been replaced yet. It is estimated that it will take ten days to replace, and this with all the expedition they can use. The C. P. has made up all its trains since the mishap. No Eastern mail or passengers have been able to get through. When the bridge is completed, however, the rush for a few days will be immense. The destroyed structure was about 200 yards long, and a severe loss to the Union Pacific Railroad Co. To add to this trouble in erecting the new bridge the Green river is raising rapidly, and retarding the builders a great deal. The company are constructing rafts, so that as soon as it is practicable the passengers and mail will be transferred to this side. No Eastern mail in the meantime.

HIGH SCHOOL.—Our School Trustees ought to add a new department to our public school—a High School. We think the step advisable, as by this means many of our advanced scholars will have the opportunity to obtain educational advantages which they would have to seek for elsewhere if they had not them here. We can just as easily prepare our students at home for admission to the college classes under the immediate supervision of parents, and in subservience of the ends of economy, as to send them abroad among strangers and at heavy expense.

SEVEN.—Col. Jas. McNasser, who brought that splendid stud of horses from Denver, Col., to this coast for sale, some two weeks ago, sold seven of them to Virginia City gentlemen. We are glad that so many of such a fine lot of blooded horses are kept in this vicinity. Col. McNasser left for San Francisco yesterday afternoon, where he expects to dispose of most of the rest.

IN TOBY.—Tom. Fox, of Gold Hill, was in town yesterday. A good, square man, is that same Tom. Fox.

JACK NELSON.—This horse will stand in Reno and vicinity during the present season. He belongs to the fastest breed of horses there is on the coast—many of his relatives having made their mile in 2:25. He himself, has made his two miles in 6 minutes, and is an untrained animal. He would make a fast trotter were it not for an accident that severed his gambol joint, whereby he was unfitted for the turf. He is 16 hands high, and weighs 1,225 pounds. He is a beautiful animal and we advise all to take a look at him and if he suits, you will do well to patronize him.

GRAY.—James Burke who holds forth on the corner of Virginia and Second streets, advertises his immense stock of toothsome provisions in our paper. Read that notice and your mouth will water, while your hand will naturally run down into your pocket after your purse and you will interview him in very short order. Just try him and there will be joy in your hearts and a laugh in your eye. James has hit the right spot when he recites what he keeps constantly on hand.

FARMERS.—Every farmer knows that to have good tools is half his work, and he is therefore interested in knowing where to get the best and cheapest. By reference to our advertising columns any one may see where such implements can be found. Just read that ad. and then deliberately go and get what you want.

AN EDITOR.—Jacob Prescott writes a little editorial in this morning's paper. It is headed "Spring and Summer Dry Goods." Look under "New Advertisements" and read the eloquent production. Jacob knows of what he speaks and tells it in a straight-forward business way

SOCIAL.—To-night the Congregationalists will give another of their pleasant entertainments. There will be songs, recitations, etc., and the ladies will serve all with refreshments. Admittance free, and all are invited to be present.

SUSPENDED.—We learn that work has been suspended on Mackey, Fair & Co.'s flume, at Huffaker's, as there is no lumber on hand. The suspension will only be temporary.

TIME TABLE.—The new time table of the C. P. will not go into effect until Sunday next, when the trains on the U. P. will be running regular.

DISTRICT COURT.—The Court was all day yesterday engaged on the case of Jones vs. Gammons, but at the time of our going to press it had not been settled.

ALL THE SAME.—"Watty," or no "Watty," Jake Becker says he will run the "Capital" as well if not better than ever. Jake is a man of his word, we know.

ICE.—Geo. Wilson was around with ice yesterday. The present hot weather makes the ice very cold.

A MAGNIFICENT VIEW.—The Enterprise of the 20th says:

Persons who made the ascent of Mount Davidson last Sunday say that the view from the summit was unusually fine. The day was clear and calm, and the mountains, valleys and deserts in all directions, as far as the eye could reach, were plainly visible. Washoe Lake was perfectly calm, and in its placid waters were seen reflected the foothills of the Sierra Nevada Mountains as perfectly as though the lake had been a large mirror. The reflection of the mountains and trees was so perfect that many were at first unable to see the lake, and were asking to have it pointed out to them. They had mistaken the mountains and trees reflected in the lake as real mountains and trees. The view in all directions was equally fine. It is said that not less than one hundred and fifty persons made the ascent of the mountain last Sunday.

We intend to visit that Mount one of these days and see if we can't "view the landscape o'er" and be "monarch of all we survey, with none our rights to deny."

Fox fine Spring and Summer shawls go to J. Prescott's.
 MILLINERY AND FANCY GOODS.—Mrs. Julia J. Prescott is pleased to inform her friends and customers that she has just returned from San Francisco after having selected the most complete, fashionable and elegant stock of Spring and Summer millinery and fancy goods for this market and which she has now displayed at her establishment at No. 20 Commercial Row. All are cordially invited to call and examine.

EVERY lady should go in time and secure some of those new style Spring dress goods at 25 cents per yard, at J. Prescott's.

DR. A. B. SPINNEY, WELL KNOWN throughout the country as a Pathologist and Physiologist, whose successful treatment of certain physical disabilities and functional derangements, deservedly entitled him to the familiar recognition of the GREAT SPECIALIST, would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 183 South C street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multiform chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES. DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN. Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED. It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN. There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milky line, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs. N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice, \$5.
